

B3 flag range

product information sheet

The B3 flag range has been designed for control and stability, with three flag options to create the most versatile solution for indoor and outdoor branding.

The B3 range includes the options of a Bow Flag, Teardrop Flag and Sail Flag, each with the ability to fit the same uniquely developed fibreglass pole with ease; delivering on ROI and giving you complete control over your branding impact.

Sail Flags are L-shaped ensuring maximum visibility and controlled wind flow, the rounded shape of the Teardrop Flag reduces movement outdoors and works best when used en masse, and the sophisticated symmetry of the Bow Flags curves are perfect when your brand needs to stand out from the crowd.

Whatever the flag type, the B3 Range is the perfect marketing tool for indoor and outdoor events, exhibitions, sporting clubs, schools, venues, hospitality branding, small business branding and much more.

key features

- Strong fibreglass pole (fits all 3 flag shapes)
- Vibrant colour output
- Carry bag for portability
