### ABS INSERT

At the base of the pole, the ABS insert slides over the ground spike, ensuring free 360 degree movement.

### CLIP-HOOK SYSTEM

In rough weather conditions, you need peace-of-mind branding solutions – secure your banner with the unique clip-hook system. Only available on The Original Bowhead®.

### ABS BALL-CAP

The ABS ball-cap covering the end of the flexible spring wire, makes fitting a banner child's-play.

### SHOCK CORD

The Bowhead® Pole's patented shock cord connect system keeps your 3-piece poles in one place and eases assembly.

### ABS GUIDED SYSTEM

With the ABS guided system, fitting the flexible spring wire could not be simpler.

### DOUBLE-POLE CONSTRUCTION

Superior strength, high-tensile, double-pole aluminium construction, makes The Bowhead® Pole a truly class-leading product.
